## Make Weeding Easier!

Do you love gardening but not all the weeding? We have found a great Canadian made weeding tool. This tool was originally designed and used by early settlers and is still one of the most effective garden tools ever. I had a young man write me, he told me he bought the tool for his mother who enjoyed gardening but was having a difficult time weeding due to arthritis, she loves the tool because it reduces the amount of strain on her wrist making weeding a much easier chore.

**How This Tool Works.** The closed loop stainless steel blade design cuts away from the roots preventing damage. **The thin blade slices effortlessly and does not displace soil making it ideal for cultivating flowerbeds, raised beds, vegetable gardens, planters and window boxes where soil must stay in place. This product is not available at Major Canadian Retailers.**

## Remove Stubborn Dirt!

Recently my wife and I were invited out to a barbeque, my wife had been working in the garden when she realized she was running out of time to get ready to go to our social event. "I'm never going to get these nails cleaned" my wife says. I handed her a bar of the Gardener's soap. **My wife could not believe how well this truly Canadian inventive product worked, the bar of soap combines loofah in handcrafted soap. This soap not only allows you to remove that stubborn dirt from under your fingernails and cuticles it also exfoliates dead skin.** The all-natural ingredients of the soap attract moisture to the skin unlike most commercial soap products.

## No more dry chapped hands! **New Product**

I grew up in a construction family and there were tradesmen always around my parent's house. I remember this one particular Stone Mason that had these big dark brown calloused hands that looked like old shoe leather. When Vesta Natural Skin Care introduced the hand lotion and was looking for people to try it, I gave a bottle to my dad's friend, the stone mason-even after using it for a few weeks you could see a huge improvement. This lotion has the great refreshing smell of clementines. A great natural hand lotion that contains Aloe, Coconut, Avocado and Honey to keep your hands soft and smooth. A great hand cream for the upcoming cold dry winter months.

## Ease Sore & Tired Muscles!

I should know about tired muscles, this summer my wife decided we needed to redo the patio, I told my wife I could do it, after all I spent my student summers working landscaping (even though it was more than 20 years ago). My wife with her insightfulness recruited the help of one of our neighbours, a retired landscaper to assist in the finer details such as the levelling of stone. I removed the 72 old patio stones that weighed 98lbs a piece from the backyard to the front yard and then shovelled and wheel barreled 9 tons of crushed stone from the driveway to the backyard, still not finished though, I then moved 362 new patio stones that weighed 45lbs a piece from the front yard to the backyard, all this work was done in

four days! Yes I was very sore and stiff. I used the Zeus Sport and Muscle Cream which helped in reducing my stiffness. **Zeus Sport and Muscle Cream, made with 100% natural ingredients, coconut, menthol, camplor, wintergreen and rosemary.**

**Order Your 100% Natural Sport and Muscle Cream Today!**

## Men's natural soap!

Zeus Mineral Mud Bar. A great soap for men especially since men's faces take a lot of abuse from shaving everyday. **This bar is made from Mineral Mud (Canadian inland salt water body and mixed with lavender-patchouli, giving a very mild clean fresh fragrance).** This bar is perfect for facial care in that it stimulates circulation, promotes toxin elimination, draws out impurities, replaces minerals and eases inflammation to help restore skin to its proper equilibrium.

## Protect your face... it's the only one you have!

Now wait all you men out there that don't think real men don't need to protect their faces from nature's elements. My grandfather by all accounts would qualify, as a real man, having fought in WWII, was an international merchant and had to rebuild his life at the age of 47 years old. My Grandfather's passion was his vegetable garden. When I was a young boy I would watch him wet his hands with liquid from a bottle that was in a cupboard above the kitchen sink-I thought is was aftershave. When I was older and working outdoors my Grandfather shared his little secret, he would apply a home made version of a face protector to his face before going to work in his garden. Zeus Men's Skin Face Protector, a great non-greasy lotion containing natural ingredients, Aloe, Vitamin E, Sunscreen and other nutritious oils to help protect and soothe men's skin. **A great gift for the man in your life (husband, son, father or grandfather).**

**Mens Face Protector only \$16.99**

## Be Prepared for Blackouts!

A fact of our society today is that we will have power outages, no lights or communication. We have sourced a great product, a **flashlight that can work without batteries**. Crank the arm for one minute to get 20 minutes of radio time and 10 minutes of flashlight time. Keep abreast of news during the power outage. We reviewed many hand-cranked products before deciding on this particular product.

**The reason we chose this product was because of its usability. My hand could actually fit on the body of the flashlight so I could get a good grip to be able to crank the handle easily.** The easy-to-use radio was another factor; the radio has a scan button to find different radio stations easily, no need for tuning. The Flashlight also has a port that enables you to charge your mobile phone. **What a great product for the home, cottage or car.**
